FLOWERING BULBS.—We pride ourselves on the high quality of stocks we offer in this catalog. Our Flowering Bulbs come from the most reliable growers in Holland, France and Japan. We buy the highest grade bulbs. for it is the only stock that is highly satisfactory. The large, round, properly matured bulbs we offer are far superior to most stocks imported. A trial will convince you.

OUR TERMS ARE STRICTLY CASH—NO. C. O. D. SHIPMENTS.—The proper remittance must in all cases accompany the order. Send money by bank draft, postoffice or express money order. Personal checks if O. K., also postage stamps for small amounts. We will not be responsible for stamps or coin sent in unregistered letters.

OUR GUARANTEE.—We guarantee all Seed, Plants, Bulbs and Nursery Stock true to name and will replace free (with stock of the original value only) any that may through some unavoidable error prove otherwise. We guarantee all stock to reach our customers in first-class, live, growing condition, but further than this we give no warranty, express or implied, that it will grow and thrive. Any fair-minded person knows that its success thereafter is dependent on soil, weather, care and other conditions over which we have no control. All orders filled subject to above conditions only.

LAWN GRASS SEED

Though we offer, separately, seed of many of the grasses suitable for the lawn, we consider as very erroneous the somewhat prevalent idea that any single variety of grass seed is preferable or equal to a mixture.

R. R.'s EVERGREEN LAWN GRASS

To obtain a good Lawn Grass Mixture, it is necessary that the best possible seed of fine grasses be used in the combination, embracing such varieties as are of neat, close growth, extreme hardness, and adapted to produce a quick, permanent sod. Judicious selection of seed, knowledge of the habits, vigor, quality and hardness of varieties used in the mixture can only be gained by thorough and practical tests under different climatic and soil conditions. After many years' experience, we offer our pure, clean Evergreen Lawn Grass Seed Mixture, composed of a thoroughly balanced combination of various native and foreign fine-leaved, deep-rooting grasses of interweaving habit, that will flourish under varied soil and climatic conditions, and which may be depended upon to produce a beautiful, compact, evergreen sod that will resist tramping and hard usage, and at the same time present that handsome, velvety appearance so much desired.

R. R. EVERGREEN LAWN GRASS.—Recognized by expert gardeners as the "highest quality." Portland's finest lawns have been grown from this mixture. PRICE, 60c per lb. Add postage by mail.

Note.—You better spend a few cents or a dollar extra on the seed you buy and have a fine lawn that you'll be proud of. Sow 1 pound seed to every 200 square feet for best results.

WHITE CLOVER.—Many gardeners like white clover mixed in lawn seeds and it is excellent, especially if your soil is heavy or poor. White clover grows quickly and acts as a nurse crop and protects the fine-leaved grasses. Choice, 55c lb.; Extra Fancy for Lawns, 60c. Postage extra.

EVERGREEN LAWN, mixed with one-fourth WHITE CLOVER, 60c lb. Postage extra.

FANCY BLUE GRASS, 50c; with one-fourth WHITE CLOVER, 60c lb. Postage extra.

CREeping BENT GRASS, \$1.40 lb.; **FANCY RED TOP** for lawns, 50c lb. Postage extra.

SHADY LAWN SPECIAL MIXTURE, 60c lb.; postage extra.

"Highest
Quality"

SHEEP FERTILIZER

Our "H. Q." SHEEP FERTILIZER is prepared from an unusual quality of genuine sheep manure, taken from covered feeding sheds—not from open corrals. It has never been exposed to the weather, and is free from all sand and dirt. The manure is thoroughly dried and all the water content removed. Then it is uniformly ground or pulverized. Light in weight but heavy in plant food.

For building up the soil as an all-purpose plant food our "H. Q. BRAND" (PURE PULVERIZED SHEEP MANURE), gives wonderful results. It is a natural organic plant food that produces immediate results in surer germination and stronger root growth. It stays "on the job" and assures a quick, healthy growth and a profitable crop.

"H. Q. Brand" is the HIGHEST QUALITY Sheep Manure on the market. A pure high-grade product worth much more than most stocks sold. Put up in New Printed Bags. Be sure you get "H. Q. Brand."

DELIVERED—PORTLAND PRICES: 1 Sack (2 bu.), \$1.25; 3 Sacks, \$3.50; 5 Sacks, \$5.50; 10 Sacks, \$10.50; 15 Sacks (half ton), \$15.00; 30 Sacks (ton), \$25.00.

HYACINTHS

Hyacinths are the most useful and popular of all hardy bulbs. They come in many lovely shades, and are exceedingly beautiful and fragrant. When planted in open ground in the fall they bloom splendidly very early in spring, and for house culture in pots they surpass all other flowers in exquisite beauty and delightful fragrance. They are among the easiest of all flowers to grow, and are absolutely sure to bloom, when you purchase such bulbs as we offer on this and the following page. The spike of bloom is already in the bulb when received, and all that is necessary is to give it warmth and moisture and it will burst forth with fragrance and grandeur.

Outdoor Culture.—The bulbs may be planted at any time from October to January—the earlier the better. Any well-drained garden soil is suitable. Plant in your windows or porch boxes. They will be through blooming in time for Geraniums, etc., for summer flowers. Set the bulbs so that the tops will be 3 or 4 inches below the surface and 6 to 8 inches apart.

Indoor Culture.—Plant in pots or boxes from October to January in light, rich soil. Have tops of bulbs just beneath surface of the soil. Water well and place the pots or boxes in a dark, cool place or in the garden and mulch heavily with straw or manure to hold the moisture. After eight weeks bring into the light.

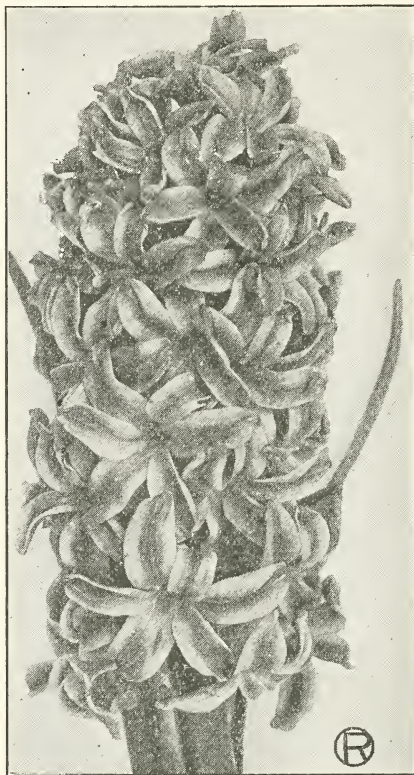

R. S. & F. Co.'s Extra Select Choice MIXED HYACINTHS

Our choice mixtures of hyacinths are unexcelled for use where an effective display is wanted in the open air and are of such superior quality as to be entirely satisfactory to florists and others who use large quantities for forcing in pots or bulb pans. They comprise the finest shades of color and must not be confounded with the cheap mixtures sometimes offered for outdoor planting.

Your choice of the following colors:

Rose and Pink, Dark Red, Pure White, Dark Blue, Light Blue, Yellow or Mixed, all colors.

Prices: Each 15c; doz. \$1.75; 100 \$12.50.

Single Hyacinth

DUTCH ROMAN OR MINIATURE HYACINTHS

These little single Dutch Hyacinths are excellent for growing in pots, earthen pans or boxes. They bloom early and freely. Plant from six to twelve bulbs in a shallow pot or pan and give them the same care and attention as other hyacinths. They can be planted close together in beds out of doors, producing a charming effect.

NAMED VARIETIES—Pink, Light Blue, Dark Blue, Red or White. Each 12c; doz. \$1.25; 100 \$9.75.

SELECT DOUBLE-NAMED HYACINTHS

All Selected Top Size Bulbs. Price Each 30c; Doz. \$3.00.

Double Hyacinths are not as popular as the single-belled varieties, for as a class the "doubles" although their individual bells are large and beautiful they do not make as well-filled trusses. For this reason we confine our list of varieties to a few of the very best.

BLOKSBERG—Pale porcelain blue with darker shadings; semi-double; very pretty.

CHESTNUT FLOWER—Fine light rose or pink with deeper shadings; bells very large.

GARRICK—Bright blue, large spike of double bells.

LA GRANDESSE—Pure white, fine large bells, unsurpassed for beauty and size.

PRESIDENT ROOSEVELT—Deep rose or red; produces a fine large flower spike.

SELECT, SINGLE-NAMED HYACINTHS

Our selected named Hyacinths are the cream of the Holland nurseries and are offered under their original names. For forcing in pots or for outdoor beds they are unsurpassed.

Note.—The single-flowered varieties are generally more effective and better for forcing than the double ones.

We offer two grades in the following choice named kinds

EXHIBITION—TOP SIZE—These represent the pinnacle of perfection in hyacinth evolution; the newest, choicest and best productions of Holland's famous hyacinth breeders. We unreservedly recommend them to all who want some superlatively fine hyacinths for winter flowering in the house or for exhibition. The bulbs are all of "top-root" size, a grade higher than Mammoths or Firsts, which in Holland means the pick of the crop. Your choice of the following sorts:

PRICES: EACH 30c; DOZ. \$3.25.

FIRST SIZE—The most popular grade; bulbs are large, heavy and solid, insuring very fine spikes of flowers; equal to the Mammoth grade offered by many. Your choice of the following sorts:

PRICES: EACH 25c; DOZ. \$2.50.

L'INNOCENCE—Pure white, large truss; the best all around white Hyacinth for all purposes; forces well and is equally good for bedding.

MORENO—Excellent flower spike, large bells. Beautiful deep pink.

SUNBURST (Orange, Above)—A very distinct and beautiful variety. The bulbs are smaller than some sorts, but the flowers are large and of a lovely salmon pink and reddish orange.

QUEEN OF THE PINKS—Beautiful rosy pink, extra fine bells and long spike, a little later than others.

LA VICTOIRE—Brilliant carmine rose, very fine spike, extra for Exhibition; when forced, the color of this variety is not so deep as when grown out of doors.

***YELLOW HAMMER**—Pure golden yellow; early; beautifully formed flowers; highly recommended.

KING OF THE BLUES—A wonderful deep dark blue that produces a beautiful flower spike.

GRAND MAITRE—Deep lavender blue; large, compact truss with very dark stem, which contrasts beautifully with the color of the bells.

QUEEN OF THE BLUES—Pale azure-blue, large spike; very beautiful and showy.

Single Hyacinths (Pot Grown)

PARROT TULIPS

These are very curious and remarkable. The flowers are very large, with petals deeply toothed, fringed and twisted in the most striking and fantastic manner. The colors are exceedingly brilliant and showy.

YOUR CHOICE OF THE FOLLOWING VARIETIES: EACH 7c; DOZ. 75c; 100 \$5.00.

CONSTANTINOPLE—Orange-scarlet with black markings.

CRAMOISIE BRILLIANT—Beautiful crimson red, large flowers; very fine.

LUTEA MAJOR—Yellow, feathered crimson and green; very attractive.

MARKGRAVE—Golden inside, feathered brilliant scarlet. Purple and green on the outside.

PERFECTA—Striped yellow, scarlet and green; large and showy.

CHOICE MIXED PARROT TULIPS

—A choice mixture of many named varieties, all first size bulbs.

Each 6c; doz. 60c; 100 \$4.00

SINGLE EARLY TULIPS

HOLLAND GROWN, "HIGHEST QUALITY"—FIRST SIZE

No other flower excels the Tulip in beauty of form, brilliancy of color, effective bedding and gorgeous show. They are equally desirable for bedding as well as for pot culture indoors. For outdoor bedding, the most brilliant effect can be produced by massing colors. Our list contains the choicest of the named varieties.

Special, for trial—3 bulbs each, 11 kinds, for \$2.75

GIANT DARWIN TULIPS

NOTE—Six of any kind at dozen rate; 50 of one kind at 100 rate; all prices postpaid.

The flowers of this superb class may well be called "the Tulip Aristocrats." The remarkably brilliant coloring and splendid substance of their large globular or cup-shaped flowers, their long stems (often 2½ to 3 feet high) and robust growth of plant, make them unsurpassed for May blooming in the garden. They are ideal for cutting and for borders, beds or planted in small groups among shrubs. They are unsurpassed, as they grow to perfection from year to year. Darwins are the most popular of all tulips. They far surpass in colors and brilliancy anything before known in Tulips.

Darwin Tulips may be successfully flowered in pots of soil in the house if not brought in from the cold frame or outdoor plunge before the middle of January and then grown on cool and slowly in a temperature of about 60 degrees.

We have made trial plantings of over 50 varieties and offer only the very choicest and most wonderful varieties. All highest quality, top-size bulbs.

Narcissus (Paper White Grandiflora)

NARCISSUS

Paper White Grandiflora

(French Polyanthus)

Pure white, beautiful, free-flowering, deliciously sweet-scented flowers, of the easiest culture; suitable for forcing or for growing in water. Will come into bloom as early as December, if potted early. Set 4 to 6 bulbs in a shallow pot or dish.

Price, 3 for 25c; Doz. 85c; 100 \$6.50

Note—for other Polyanthus varieties see page 10.

We can show you most of our Flowering Bulbs in natural colors from hand paintings, at our salesrooms. These pictures will help you greatly in your selections.

NARCISSUS OR DAFFODILS

The Narcissus affords perhaps more pleasure and satisfaction than any other flowering bulb. They may be grown either in or outdoors. They are very beautiful, very hardy, bloom freely, are delicately fragrant, thrive in almost any soil, and last for years without resetting. They may be grown in garden beds, among hardy plants in herbaceous borders, or "naturalized," that is, grown as if wild in outlying portions of the lawn or grounds, on terraced slopes and along semi-shaded paths.

The flowers of the different types are beautiful and of graceful forms, with a variety of color combinations, and many are delightfully fragrant.

NOTE—In describing these flowers we refer to the "trumpet," "crown" or "cup" as the center of the flower; the "perianth" is the surrounding row of petals or wings.

ALL OUR NARCISSUS HAVE BEEN INSPECTED AND ARE FREE OF DISEASE.

Large Flowering Types with Long Single Trumpets

EMPEROR—Large flowers with a full golden yellow trumpet and rich primrose perianth; excellent for forcing.

Van Waverins Giant

TRUMPET MAJOR (Henry Irving)—Perianth and trumpet golden yellow; very extensively used for bedding or forcing.

Select Bulbs: Each 15c; doz. \$1.50; 100 \$10.00

VAN WAVEREN'S GIANT—The largest of all Narcissi; grand for forcing or bedding; vigorous grower. The giant flowers have a large yellow trumpet with sulphur yellow perianth, vanilla scented; highly recommended. Be sure and plant at least a few. Very scarce and in great demand. See illustration back cover.

Single Nose: Each 30c; doz. \$3.25; 100 \$25.00

Double Nose: Each 40c; doz. \$4.50; 100 \$37.50

POETICUS NARCISSUS

The large, single blossoms are of a snowy whiteness, intensified by the exquisite golden-colored cups, ringed like a pheasant's eye, with red and green. The flowers are gracefully poised on long, stout stems.

POETICUS (Pheasant's Eye)—Pure white flowers, orange cup, edged with red. Perfectly hardy and should be planted in borders out of doors. Will not force.

Select Bulb: Each 7c; doz. 75c; 100 \$6.00

POETICUS ORNATUS (The Improved Poeticus)—Pure white, cup edged with scarlet; much finer in form and earlier than the Poeticus. Popular for forcing.

Select Bulbs: Each 12c; doz. \$1.25; 100 \$8.00

"H. Q." Sheep for Bulbs

Mix "H. Q." (see inside front cover) in the potting soil when planting bulbs and after planting in beds or boxes in the garden give a liberal application (1 inch thick) over the surface of the bed and you will get large, handsome flowers. Rich, loamy soil gives the best results.

DOUBLE NARCISSUS

No collection of Narcissus is complete without the double flowering sorts. They possess a charm peculiarly their own. All are perfectly hardy and are much in demand for cutting

ALBA PLENA ODORATA (The Double White Poet's Narcissus)—Double, snow-white flowers exquisitely scented, late-flowering; cannot be forced. Each 12c; doz. \$1.25; 100 \$8.00

Each \$15; doz. \$1.50; 100 \$10.00

POLYANTHUS NARCISSUS

The Polyanthus varieties of Narcissus are not only beautiful, but deliciously sweet-scented, and of the easiest culture. Very free flowering, and suitable for forcing indoors or bedding out, continuing long in bloom. They bear tall spikes of bloom, having from six to 24 flowers each. Grow some in water, same as Chinese Sacred Lilies.

GRAND MONARQUE—White, with lemon yellow cup. Mammoth Bulbs: Each 20c; doz. \$2.00

Large Bulbs: Each 15c; doz. \$1.75

SOLEIL D'OR—Yellow, with deep orange cup.

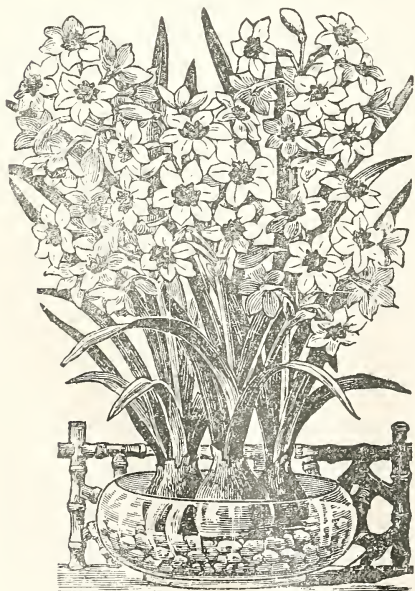

Large Bulbs: Each 15c; doz. \$1.75

CHINESE SACRED LILY

Also called "Shu Sin Far," or Water Fairy Flower. The flowers of this variety of Polyanthus are of a satiny white color, with very fragrant golden yellow cups. The dark green foliage is exceedingly luxuriant and beautiful. (See cut.)

Chinese Lilies are usually grown in bowls or dishes of water. Put fancy pebbles, small rocks or shells around them and keep the dish full of water, set in a moderately cool place, until the roots start freely, then bring them to the light and keep in an ordinary living room, not too hot. A dozen bulbs started in this way at intervals will give a succession of bloom throughout the winter.

Extra Large Bulbs: Each 20c; doz. \$2.00

Chinese Sacred Lily

NOTE—The local Chinese gardeners put their bulbs in shallow pans of water out in the open for some time and bring into a warm room to flower as wanted.

Ranunculus—French Mixed

RANUNCULUS

Among dwarf growing flowers these are unrivaled for lovely form and bright, attractive colors, ranging through gorgeous shades of crimson, white, yellow, purple, black, many of them being beautifully marked with other shades. They flower profusely in pots in the house during the winter or outside in the garden during early spring and summer. They make excellent cut flowers, very graceful and attractive. Plant the bulbs claw end down about 2 inches deep. Locally they need no winter protection.

GIANT FRENCH MIXED—Remarkably vigorous growers with large gorgeous single, semi-double and double flowers. (See cut above.)

Each 5c; doz. 50c; 100 \$3.50

DOUBLE GRANDIFLORA—Very showy, handsome double flowers. We have 3 separate colors, yellow, scarlet and pink.

Each 10c; doz. \$1.00; 100 \$7.00

SNOWDROPS

The first flower to bloom in the spring, producing small but beautiful white blossoms before other outdoor plants are started. Plant about one inch apart in borders, beds or in clumps in the lawn, setting two or three inches deep. They come up from year to year and need not be disturbed until they become crowded.

SNOWDROP—Double.

Each 7c; doz. 75c; 100 \$6.00

SNOWDROP ELWESI (Giant Snowdrop)—Single.

Each 6c; doz. 60c; 100 \$4.00

CHIONODOXA

They produce flower spikes bearing lovely Scilla-like flowers. They are perfectly hardy, and may be planted as an edging to a bed, or in masses; they flower with the Snowdrops and last a long time in perfection.

GIGANTHEA—Large brilliant blue with a white center.

Each 6c; doz. 60c; 100 \$4.00

SPARAXIS

Very desirable flowering bulbs. The flowers are funnel-shaped, 1 to 2 inches across and on long, graceful stems well above the sword-like foliage. They come in an extraordinary range of brilliant colors and throat markings. Stock is scarce and quite rare in America at present time.

Each 6c; doz. 60c; 100 \$4.50

GRAPE HYACINTHS

Muscari Botryoides

A splendid flower for the grass, hardy borders, in clumps between shrubs and open bedding. They are so inexpensive that they may be grown in masses, when they produce the best effect.

Blue

Each 6c; doz. 60c; 100 \$4.00

White.

Each 7c; doz. 75c; 100 \$6.00

FREESIAS

One of the most popular of the winter blooming bulbs. The flowers are white, borne in graceful clusters, last a long time and have a delightful fragrance. The bulbs force easily and will come into bloom in January and February in an ordinary greenhouse. They also grow well and bloom freely in an ordinary room if placed near a window and not kept too hot. Plant four or five bulbs in light, rich soil, in a 6-inch pot. Keep in a warm, moist, dark place until the plants are well started. There is danger in watering too freely until the plants are in flower.

IMPROVED PURITY—PURE WHITE.

Large Bulbs: doz. 35c; 100 \$2.50

Monster size: doz. 60c; 100 \$4.00

FOR YOUR GUIDANCE we have in our sales room large pictures of most all flowering bulbs, so you can see just what you buy.

IXIA

Hardy free flowering bulbs producing long, slender, graceful sprays of beautiful flowers. They come in many color combinations, showy and very desirable. You will like them. Plant in well drained beds.

CHOICE MIXED. Each 5c;
doz. 50c; 100 \$3.75

LAPAROSIA

Resembles a Freesia in growth and shape of flower, has broader leaves and larger flowers of a pretty shade of salmon pink. Culture same as Freesias.

Each 6c; doz. 60c; 100 \$4.00

ANEMONES

ANEMONES

Very ornamental hardy perennials with handsome foliage and producing beautiful rich colored flowers in spring and summer. They do best in rich soil and in a sheltered and well-drained position. May also be grown in pots or forced for early flowers.

CORONARIA-CAEN—Single mixed. A popular variety with brilliant flowers, including pink, rose, purple, lavender, violet, scarlet, crimson and white. Excellent for garden or cutting.

Each 6c; doz. 65c; 100 \$4.50

ST. BRIGID—A rare and beautiful strain blooming later than Caen with double or semi-double flowers in much the same shades. Bulbs are rather smaller than Caen. Guaranteed to be of the genuine Irish strain.

Each 10c; doz. \$1.00; 100 \$6.00

SCILLAS—BLUE BELLS

One of the prettiest of the early spring blooming bulbs, of dwarf habit, with dainty sprays of exquisite flowers. Grown in masses in conjunction with Crocus, Chinodoxas and Snowdrops, the effect is charming. Desirable for rock gardens.

SIBERICA.

Blue or White. Each 6c; doz. 60c; 100 \$4.00

CAMPANULATA—Plant grows taller than Siberica, flower bells larger, worthy of wider acquaintance.

Blue. Each 6c; doz. 60c; 100 \$4.00

White. Each 7c; doz. 75c; 100 \$5.00

Rose. Each 7c; doz. 75c; 100 \$5.00

CROCUS

Put Some in Your Window or Porch Boxes

Plant about three inches deep and about two inches apart in beds or borders. Indoor, the Crocus can be easily forced. Plant from six to a dozen bulbs in a shallow pot, keep cool and water well, treating same as Hyacinths.

MIXED CROCUS

These separate colors in mixed shades are extensively planted for outdoor beds or borders. Our bulbs are all solid and sound and first size.

We can supply Purple, White, Striped, Yellow, or Mixed all colors.

Doz. 30c; 100 \$2.00; 1,000 \$16.00

HARDY LILIES for FALL PLANTING

Regal—A Royal Lily.

MYRIOPHYLLUM OR REGALE—A magnificent new lily from China. Grows 3 to 5 feet high, bearing handsome white fragrant, trumpet-shaped flowers; slightly shaded pink outside and the lower inner surface primrose-yellow. It is a hardy lily and is one of the finest novelties offered in many years. It seems to thrive on any good, well-drained soil. It promises to be the most popular lily in our country, as it makes a magnificent garden lily and is easily forced or grown in pots. The fragrance is fascinating, somewhat like a "Gardenia." (See cut.)

Small but blooming age, each 40c; medium, each 50c; large size, each 60c; top size, extra large, \$1.00. (The dozen price is 10 times the single price.)

CANDIDUM (Madonna Lily)—This is the ever-popular, fragrant, snow-white, hardy garden lily. The flowers are produced in clusters, at the top of 4 to 5-foot stems; blooms in the open ground in June. A very hardy and popular trumpet-shaper lily.

Large Select, each 35c; doz. \$3.00; mammoth bulbs, 40c.

GIGANTEUM (Easter Lily)—Pure pearly white, deliciously fragrant, and a remarkable profusion of bloom characterize this charming and celebrated Easter Lily. Without exception, it is one of the most valuable bulbs for winter flowering in the house. Perfectly hardy and if planted in the garden it blooms in June. Our bulbs are the best obtainable. Popular flowering size.

Large Bulbs: Each 30c; 3 for 75c

GIANT TIGER LILY (Improved Tigrinum Splendens)—Very hardy and sure to bloom. Large, single flowers, rich orange, freely marked with small black dots (4 feet). An old and popular lily. Each 20c; doz. \$2.00

MT. HOOD LILY

(*Lilium Washingtonianum*)

A beautiful lily, native of Oregon. Flower of open trumpet form; white, tinted with lavender pink; grows 3 to 5 feet high. The beautiful, fragrant flowers are freely produced in graceful clusters. Few lillies surpass it and it deserves to be planted much more extensively. (See cut.) Each 25c; 3 for 65c; large bulbs 30c; extra large, 40c to 50c.

Mt. Hood Lily

OTHER LILIES, such as *Lilium*, *Auratum*, *Album*, *Rubrum*, *Hansonii*, etc., and *Lily of the Valley*, will be offered in our Complete Spring Annual.

CALLA LILIES

The Calla is one of the best winter flowering plants for room culture, needing little care beyond abundant water and an occasional washing of the leaves to keep them free from dust. Plant one bulb in a 6-inch pot. As soon as it starts growing bring to the light and heat and the result will be most satisfactory.

YELLOW (Ellitiana)—This new Yellow Calla is of marvelous beauty; flowers are large, rich, dark golden yellow, often 4 to 5 inches across the mouth; leaves are beautifully spotted with white. Bulbs in stock from November to May. Choice bulbs 25c; extra large 30c

WHITE CALLA (Aethiopica)—The most extensively grown; bulbs in season from September to May. Choice bulbs, large 20c

Extra large 35c; 3 for \$1.00

NEW GODFREY—Plant is more dwarf in growth; flowers lily white, very graceful and produced in astonishing numbers; come into flower quicker; will also do well in the garden for summer flowers. Godfrey bulbs are small. Select, each 25c; 3 for 65c

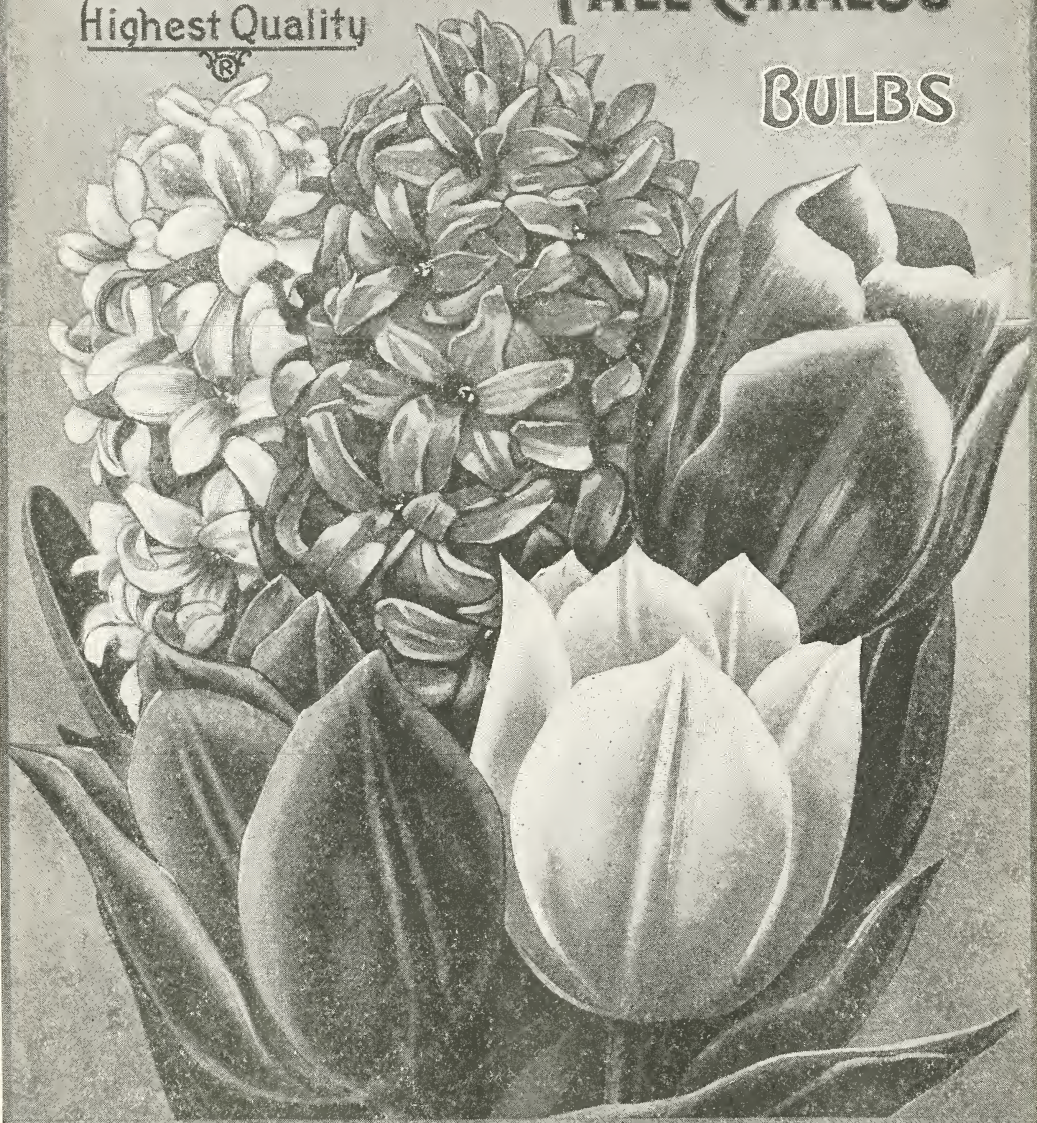

Lilies do best in well drained, rich, loose soil. You can use sand and peat soil to advantage. We can supply it.
